Before you carve

Print only the pages you need.

01 / PICK YOUR SIZE

Each design has two pages: 6 inches and 4.5 inches on its longest side.
Measure the smooth carving area, not the entire pumpkin circumference.

02 / PRINT AT 100%

Use US Letter (8.5 × 11 inches), Actual size, and single-sided printing.
The scale square must measure 1 inch. On A4, check scale before tracing.

03 / TRANSFER THE PATTERN

Tape the sheet to a dry pumpkin. Snip only the outside paper margins
to fit the curve. An adult transfers the outlines, then removes the paper.

04 / CARVE ONLY THE BLACK

Black shapes become openings. Keep every white area as pumpkin.
Use a pumpkin saw slowly. Do not force tight turns or cut across gaps.

05 / ADD THE GLOW

Use a battery-operated LED. Young children can choose patterns or
decorate a separate pumpkin with markers while an adult carves.
